

THINKY

# New CE Products of THINKY Mixer Series

Planetary centrifugal mixers

**ARE-500** €€

For Production or Scale Up

**ARE-400TWIN** €€

For R&D

**ARV-310LED** €€

For Heavy specific gravity material

THINKY CORPORATION

## Special Feature and specification

DEBUT  
1

**ARE-500** €€

Up to 500ml/1kg(net) processing volume.  
Higher rotational speed generate powerful mixing force.

Option ; Special revolution to rotation ratio  
for high viscosity material

Dimension ; H692 x W500 x D602 (mm)  
Weight ; Approx. 100kg

DEBUT  
2

**ARE-400TWIN** €€

Very flexible ratio settings for Rotation and revolution. Twin container system.

Option ; Real-time material temperature measurement

Option ; Remote control through external PC connection

Dimensions ; H560 x W460 x 480 (mm)  
Weight ; Approx. 75kg

DEBUT  
3

**ARV-310LED** €€

Specialized version of Vacuum Mixer for LED application. Easy to mix for Heavy specific gravity material. Remove submicron air bubbles and gives outstanding dispersion performance.

Dimensions ; H450 x W555 x D645 (mm)  
Weight ; Approx. 90kg
